

# Converting between millilitres and litres

## Sheet 2

There are 1000ml in 1 litre, so:

8000ml is the same as  litre

3000ml is the same as  litre

ml is the same as 5 litre

ml is the same as 6 litre

ml is the same as 7 litre

ml is the same as  $\frac{1}{2}$  litre

ml is the same as 1 litre

ml is the same as  $1\frac{1}{2}$  litre

2000ml is the same as  litre

### Challenge

Write these capacities in order: 4 litres, 500ml, 2 litres, 2ml, 4000ml, 1500ml,  $3\frac{1}{4}$  litres.
