Round decimals to the nearest tenth and whole number

Sheet 2

Mark 2.25, 2.49, 2.6, 2.75, 3.5, 3.15, 3.3 and 3.78 on this number line. Round each number to the nearest whole and record below.

2 3

Mark 5.26, 5.35, 5.51, 5.83, 6.04, 6.95, 6.52 and 6.19 on this number line. Round each number to the nearest tenth.

5

$$5.26 \longrightarrow \bigcirc \qquad \qquad \boxed{ \qquad \qquad } 5.83 \longrightarrow \bigcirc$$

$$6.04 \longrightarrow \left(\begin{array}{c} \\ \\ \end{array} \right) 6.95 \longrightarrow \left(\begin{array}{c} \\ \\ \end{array} \right) 6.19 \longrightarrow \left(\begin{array}{c} \\ \\ \end{array} \right)$$

Mark two numbers on this line that round to 4 and two that round to 5.

4
