

Measuring Rainfall

Use a rain gauge to measure the amount of rain that falls on each day and record it in the table below. Try to measure the rain at the same time each day. Then, answer the questions.

Day of the Week	Rainfall (cm)
Monday	
Tuesday	
Wednesday	
Thursday	
Friday	

Which day of the week had the most rainfall? _____

Which day of the week had the least rainfall? _____

What is the difference in centimetres between the day with the most rainfall and the day with the least rainfall? _____
