Place Value Unit 2

Problem solving and reasoning questions

Fill in the missing numbers.

26 + 10 = _____   _____ = 57 + 10

60 - 10 = _____   _____ = 83 – 10

What number is 10 less than 42?

True or false?

- Adding 10 to a number ending in 0 always gives another number ending in 0.

- You count six tens to get from 10 to 60.

- Counting back 3 tens from a number more than 50 always gives an answer more than 30.

Estimate the number of rectangles here.
How will you count?
