

Addition and Subtraction Unit 5

Problem solving and reasoning questions

Choose two numbers from the cards below and estimate the total.
Write this.

Then calculate and compare the actual answer with your estimate.

Repeat, choosing two different numbers.

475

386

248

349

Choose to use expanded or compact addition to add 484 to 368.
Explain your choice.

Add two numbers both ending in 5 to make 810.
One digit must be '6'.

These questions should be provided for children to do once the unit has been completed. They assess the children's mastery of the skills and concepts in this unit.
