Find half of 2-digit numbers

Make each number using place value cards.
Find half of the number. Draw a jotting to show your steps, e.g:

Half of 25

partition	20	5
halve	10	$2\frac{1}{2}$
recombine	10	$+$	$2\frac{1}{2}$

$= 12\frac{1}{2}$

1.   24

2.   48

3.   86

4.   35

5.   43

6.   56

7.   74

8.   98

Challenge
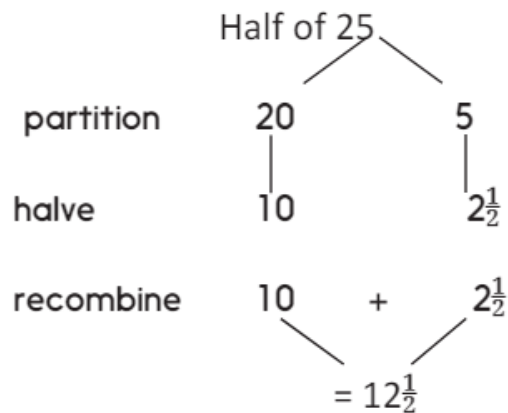

9.   15

10.   45

11.   23

12.   47

Half of a number is $19\frac{1}{2}$. What is the number?
