

# Light

Light travels in straight lines.

Draw how the light will look in the pictures below.

<p style="text-align: center;"><b>Street Light</b></p> 	<p style="text-align: center;"><b>Car Headlights</b></p> 
<p style="text-align: center;"><b>Torch</b></p> 	<p style="text-align: center;"><b>Lamp</b></p> 

Draw your favourite source of light.

My favourite light source is \_\_\_\_\_.

Light travels in \_\_\_\_\_ lines.
