

## Day 2: Order and compare numbers to 20; Read and write numbers to 20.

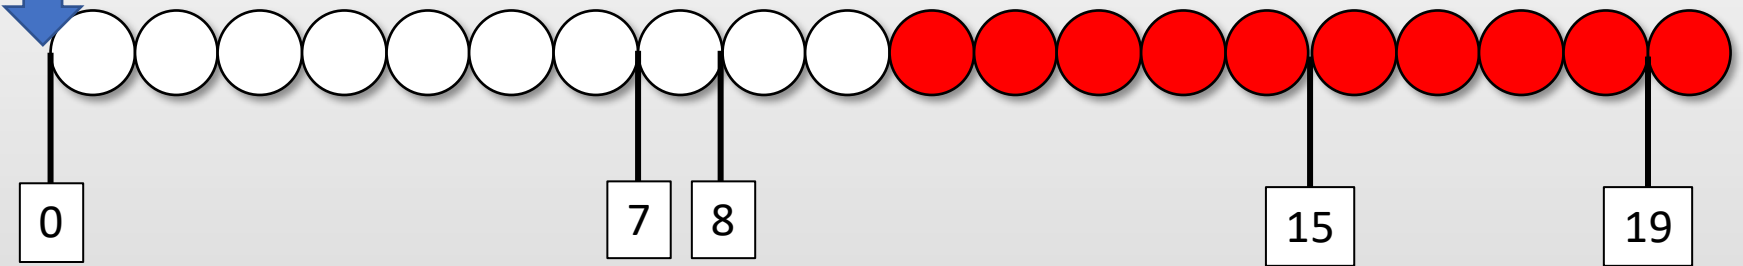

Close your eyes  
while I swap five  
different cards...

Which numbers  
did I move?

## Day 2: Order and compare numbers to 20; Read and write numbers to 20.

There are **no beads** up to here. So, we write **zero**.

What is a quick way to find these numbers?

Now let's draw tags after 7, 8, 15 and 19.
