

Place Value Unit 3

Problem solving and reasoning questions

The animals are racing. Rabbit came after fox who came after cat. If cat was 3rd, what position was rabbit?

Cow was last and there were 8 animals in front of her. What number was cow?

Write the missing numbers:

9 ___ ___ ___ 13 14 ___ ___ 17 18.

Choose equipment to show me that 15 is more than 13.

These questions should be provided for children to do once the unit has been completed. They assess the children's mastery of the skills and concepts in this unit.
