

# Addition and subtraction

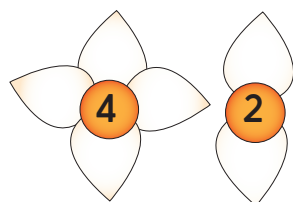

## Sheet 1

Some of these are additions, some are subtractions.

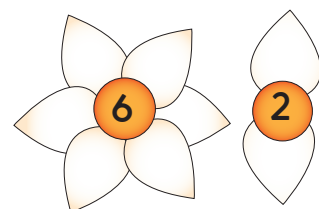

Write + or - in the middle space.

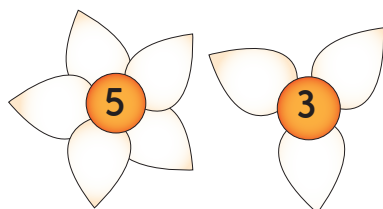

Write the answer in the box.

 $5 - 2 = \boxed{3}$

 $4 \square 2 = \square$

 $7 \square 2 = \square$

 $6 \square 2 = \square$

 $5 \square 3 = \square$

 $6 \square 2 = \square$

 $8 \square 3 = \square$

 $7 \square 3 = \square$

 $7 \square 3 = \square$

 $12 \square 3 = \square$

 $7 \square 4 = \square$

### Challenge

How many times can a flower with 20 petals lose 2 petals until it has none left?
