

## Addition and Subtraction Unit 1

### Problem solving and reasoning questions

Write the pairs of possible missing numbers.

20		
11	?	?

---

How many different ways are there of writing numbers in the two boxes in this addition?

$$\square + \bigcirc = 10$$

What if the total of the two missing numbers = 9? Or = 8?

---

You have 21 cards: 0 to 20.

How many pairs of numbers can you create which make 20?

Write these.

Write the pair you cannot create.

---

These questions should be provided for children to do once the unit has been completed. They assess the children's mastery of the skills and concepts in this unit.
