Addition and Subtraction Unit 1

Problem solving and reasoning questions

Write four number sentences to relate these three numbers:
13, 19 and 6

We know 13 + 7 = 20
So what is 130 + 70?

We know 11 + 9 = 20
So what is 110 + 90?

Write an addition with an answer of 20.

Write a similar addition with an answer of 200.

Repeat this.

Write three different ways of making 14 by adding two 1-digit numbers.

These questions should be provided for children to do once the unit has been completed.
They assess the children's mastery of the skills and concepts in this unit.
