

Subtracting by counting up

Sheet 1

Use Maths Frog to work out these subtractions.

Set A

$60 - 45 = \square$

$40 - 26 = \square$

$30 - 13 = \square$

$50 - 31 = \square$

$70 - 52 = \square$

$80 - 64 = \square$

Set B

$31 - 18 = \square$

$86 - 69 = \square$

$65 - 47 = \square$

$43 - 26 = \square$

$34 - 15 = \square$

$52 - 34 = \square$

Set C

$48 - 25 = \square$

$35 - 17 = \square$

$72 - 54 = \square$

$97 - 76 = \square$

$63 - 41 = \square$

$54 - 33 = \square$

Challenge

$34 - 15 = 19$. $57 - 38 = 19$. $82 - 63 = 19$.

Find three other pairs of numbers with a difference of 19. Write a statement about their units digits.
