Day 1: To know addition and subtraction facts for 10 and 20; To use these facts in adding three numbers.

17 + 5 + 3

Hint!

How could we find the answer?

17 + 3 = 20

20 + 5 = 25

When adding three numbers, if we can spot a bond to 10 or 20, it helps to find the total!

Day 1: To know addition and subtraction facts for 10 and 20; To use these facts in adding three numbers.

14 + 7 + 6	8 + 13 + 2	9 + 5 + 11	3 + 15 + 7

14 + **6** + 7 = 27	**8** + **2** + 13= 23	**11** + **9** + 5= 25	**7** + **3** + 15= 25

Look for a pair of numbers that makes either **10** or **20**. Calculate one of the additions.
