# Day 1: Find doubles to double 20.
**13**

**13**

Let's find double 13…

Double 10 is … **20.**

Double 3 is … **6.**

Double 13 is **26.**

**Day 1: Find doubles to double 20.**

17

17

Let's find double 17…

Double 10 is … **20.**

Double 7 is … **14.**

We can partition to add 20 + 14…

20 + 14 = 20 + 10 + 4 = 34.

Double 17 is **34!**
