

More Addition and Subtraction Unit 3

Problem solving and reasoning questions

Complete this grid.

+	20	
	54	
67		97

Explain what Bill has done wrong in his homework:

$$54 + 40 = 84$$

$$76 - 30 = 73$$

$$23 + 50 = 28$$

$$64 - 40 = 20$$

Choose a number to write in the first empty box:

$$\square + 20 - 30 + 10 = \square$$

Do the calculation. Make an observation about the answer.

Repeat with a different starting number.

Explain what is happening.

These questions should be provided for children to do once the unit has been completed. They assess the children's mastery of the skills and concepts in this unit.
