

Coding Concepts Tuatara

Instructions:

Your goal is to create an algorithm to help the tuatara get to the beetle for her lunch. Cut out the cards below and use them to create the correct path for the tuatara. They must all be used to form part of the path. You cannot go on a square that is blocked by a house or a rat.

Coding Concepts Tuatara Answer

Instructions:

Your goal is to create an algorithm to help the tuatara get to the beetle for her lunch. Cut out the cards below and use them to create the correct path for the tuatara. They must all be used to form part of the path. You cannot go on a square that is blocked by a house or a rat.
