

# Coding Concepts Kiwi

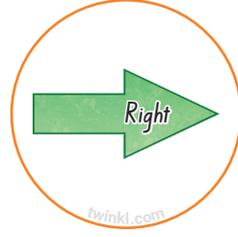

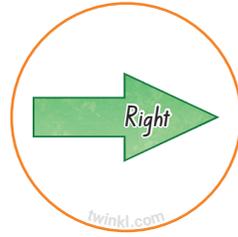

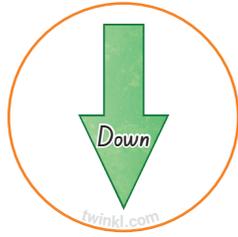

## Instructions:

Your goal is to create an algorithm to help the kiwi get to her chick.

Cut out the cards below and use them to create the correct path for the kiwi. They must all be used to form part of the path.

You cannot go on a square that is blocked by a ferret or a tree.

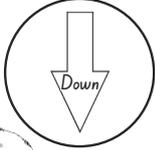

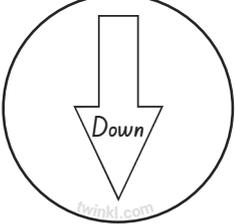

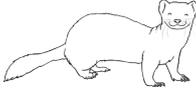

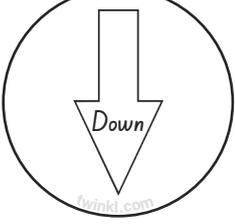

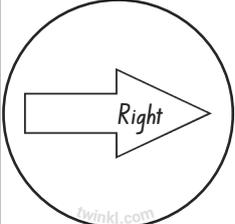

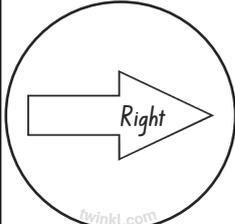

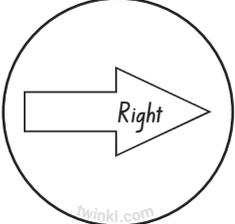

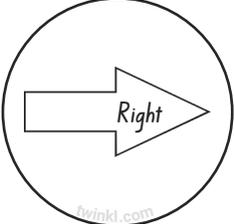

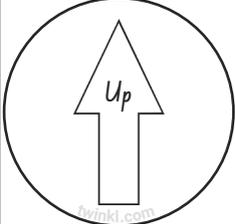

# Coding Concepts Kiwi Answer

## Instructions:

Your goal is to create an algorithm to help the kiwi get to her chick.

Cut out the cards below and use them to create the correct path for the kiwi. They must all be used to form part of the path.

You cannot go on a square that is blocked by a ferret or a tree.
