

Bus Timetables Rules

1. You may have as many busses as you like
2. All morning busses set off at 9 a.m. and afternoon busses at 2 p.m.
3. All busses travel at an average speed of 30mph on all routes

(this means you will take 2 minutes to travel one mile)

4. Each town must be visited twice per day

(try and see if you can visit each town once in the morning and once in the afternoon)

5. All routes must start and end in Norwich
6. No bus may travel for longer than 8 hours

You must fill in a timetable for the bus routes you plan and a schedule for the drivers of the busses you send around the county.

You can use either 24 hour or 12 hour clock, but remember to use a.m. and p.m. if you need to.
