

Another Adventure for Sylvie

One night, Sylvie goes back to the zoo to say hello to her animal friends. They all decide to have a picnic. Sylvie and the animals return to Sylvie's house and go into the kitchen to make the food. The elephant cuts up bread for sandwiches, the tiger finds apples and the penguins pick chocolate biscuits out of the cupboard. The monkey steals and eats everything that the other animals make!

Sylvie collects some games for the picnic – a football for the rhinos, a Frisbee for the dog and a PS4 for the koala. She places everything in a big basket. They go to the park and eat their picnic. The park keeper comes out of his house and says it is the middle of the night. He asks Sylvie to take all her friends home at once. The monkey steals the park keeper's hat!

The lions run home, the rhinos plod back and the parrots fly through the night sky. Back at Sylvie's house, they quickly go down the passage to the zoo. Sylvie goes to bed but finds the monkey still in her room. She decides to let it stay the night – *if* it is good!

Unit 4 Day 1

Sylvie's Verbs

Instructions: Read Another Adventure for Sylvie with your partner.

Highlight the first 12 different verbs.

Record them in the table – you don't need to do the same verb twice.

Change each verb into its past tense form.

Verb	Past Tense
<i>goes</i>	
<i>decides</i>	<i>decided</i>
<i>comes</i>
