Earth, Sun and Moon Activity

Cut out these facts and put them in your Earth, Sun and Moon table.

| | |
|---|------------|
| Roughly spherical and is over 15 million degrees at its core. | twinkl.com |
| Roughly a quarter of the size of Earth. | twinkl.com |
| Largely made of gas. | twinkl.com |
| A ball of rock that orbits the Earth. | twinkl.com |
| More than 100 times the size of the Earth. | twinkl.com |
| Over 40,000km at its circumference. | twinkl.com |
| Orbits the Earth at about 3000km an hour. | twinkl.com |
| Travels at 100,000km per hour through space. | twinkl.com |

Earth, Sun and Moon Activity **Answers**

| | |
|--------------|--|
| Sun | <p>Roughly spherical and is over 15 million degrees at its core.</p> <p>Largely made of gas.</p> <p>More than 100 times the size of the Earth.</p> |
| Earth | <p>Over 40,000km at its circumference.</p> <p>Travels at 100,000km per hour through space.</p> |
| Moon | <p>Roughly a quarter of the size of Earth.</p> <p>A ball of rock that orbits the Earth.</p> <p>Orbits the Earth at about 3000km an hour.</p> |
