

Sample Note-taking - Pickleball

1. Text from DK Book of Sports

Pickleball was invented in the US. It is played on a court similar in size to a badminton court, but with a low net. To score points, players use a paddle bat to hit the rubber ball so their opponent can't return it.

2. Text annotated for notes

(Children do not need to actually cross out words in the text but should know which are not necessary for meaning and so do not need to be copied into their notes).

Pickleball ~~was~~ invented in ~~the~~ US. ~~It is~~ played on ~~a~~ court similar ~~in~~ size to ~~a~~ badminton court, but with ~~a~~ low net. ~~To~~ score points, - players use ~~a~~ paddle bat to hit ~~the~~ rubber ball so ~~their~~ opponent can't return it.

3. Notes

Pickleball invented in US

Played on court similar size to badminton court, but with low net

Score points - players use paddle bat to hit rubber ball so opponent can't return it
