

## Non-Fiction Texts

### *Non-fiction texts...*

- *give you information about real people, places and things*
- *do not tell made-up stories but give facts*
- *often contain lots of photographs, diagrams and charts. These images can have labels and captions with them*
- *have sections that can be read in any order. You don't have to start at the beginning*
- *are often divided up into chapters but also have other sections like an index and a glossary, as well as headings and subheadings*

*Examples of non-fiction texts include: encyclopedias, instructions, diaries, biographies (the account of a real person's life) and newspaper articles.*
