

**Ahmed's Adventure: What Should He Pack?**

Ahmed was so excited! His family was going on a week-long trip to a remote place. He packed everything he thought he needed. He stuffed his bag with clothes, food, water bottles, tent, a warm blanket, but also added lots of toys, books, and even his soccer ball!

When Ahmed's parents saw his bag, they shook their heads and said, "Ahmed, your bag is too heavy! You'll need to take some things out."

Ahmed looked at his bag and scratched his head. He was unable to decide on what he should take and what should he remove from his bag.

Ahmed looked at his pet dog, snowy. And snowy gave him a jumbled look showing that he is confused too.
