

## Whatever Next! Story Sequence Chart

Baby Bear decides on a place he wants to visit but Mum isn't sure it's a good idea.

He turns a cardboard box into his transport to get there.

He gathers up supplies for his journey from around the house before he leaves.

After he has set off he meets an animal companion.

When the pair reach their destination they have fun.

Safely back home, Baby Bear tells his Mum all about his adventures. She doesn't believe him!
