The wide bony 'plates' around some dinosaurs' heads (e.g. Triceratops)
A fossilised dinosaur poo.
Dinosaurs who mainly ate other dinosaurs who had already died.
The period in Earth's ancient history between the Triassic and the Cretaceous.
The group name for meat eating dinosaurs.

Unit 3 Day 3

## ***Dinosaur Definitions***

A large lump or space rock that lands on the Earth.
The wide bony 'plates' around some dinosaur's heads (e.g. Triceratops)
A fossilised dinosaur poo.
The period in Earth's ancient history between the Triassic and the Cretaceous.

Unit 3 Day 3

# ***Glossary***

**Instructions:**

With your partner, read the set of **Dinosaur Words**.

Cut out and stick down the words in alphabetical order in a vertical column on the left hand side of this page.

Cut out the **Dinosaur Definitions**.

Read and discuss them.

Glue these down next to the correct word, looking words up in dictionaries and other glossaries if you need to.

*All done?* Look at glossaries in dinosaur information books. Find a favourite new word to share with the class in the Plenary.
