

Written subtraction Sheet 1

1. $355 - 127 =$
2. $473 - 265 =$
3. $581 - 329 =$
4. $370 - 108 =$
5. $444 - 228 =$
6. $973 - 366 =$

Challenge

Do $500 - 354$ by counting up using Frog. Now do the same subtraction using column subtraction.

Can you explain to a partner which method you preferred and why?

Written subtraction Sheet 3

1. $657 - 472 =$
2. $465 - 283 =$
3. $625 - 362 =$
4. $936 - 571 =$
5. $431 - 228 =$
6. $505 - 212 =$
7. $872 - 426 =$
8. $927 - 254 =$
9. $881 - 534 =$
10. $839 - 259 =$

Challenge

How many times can you take 156 from 873 before you get a number smaller than 156?

Estimate first and then test your theory.

Written subtraction Sheet 2

1. $637 - 452 =$
2. $647 - 472 =$
3. $465 - 283 =$
4. $625 - 362 =$
5. $936 - 571 =$
6. $505 - 212 =$
7. $927 - 254 =$
8. $839 - 259 =$

Challenge

How many times can you take 141 from 829 before you get a number smaller than 141?

Estimate first and then test your theory.
