

Inputs and Outputs

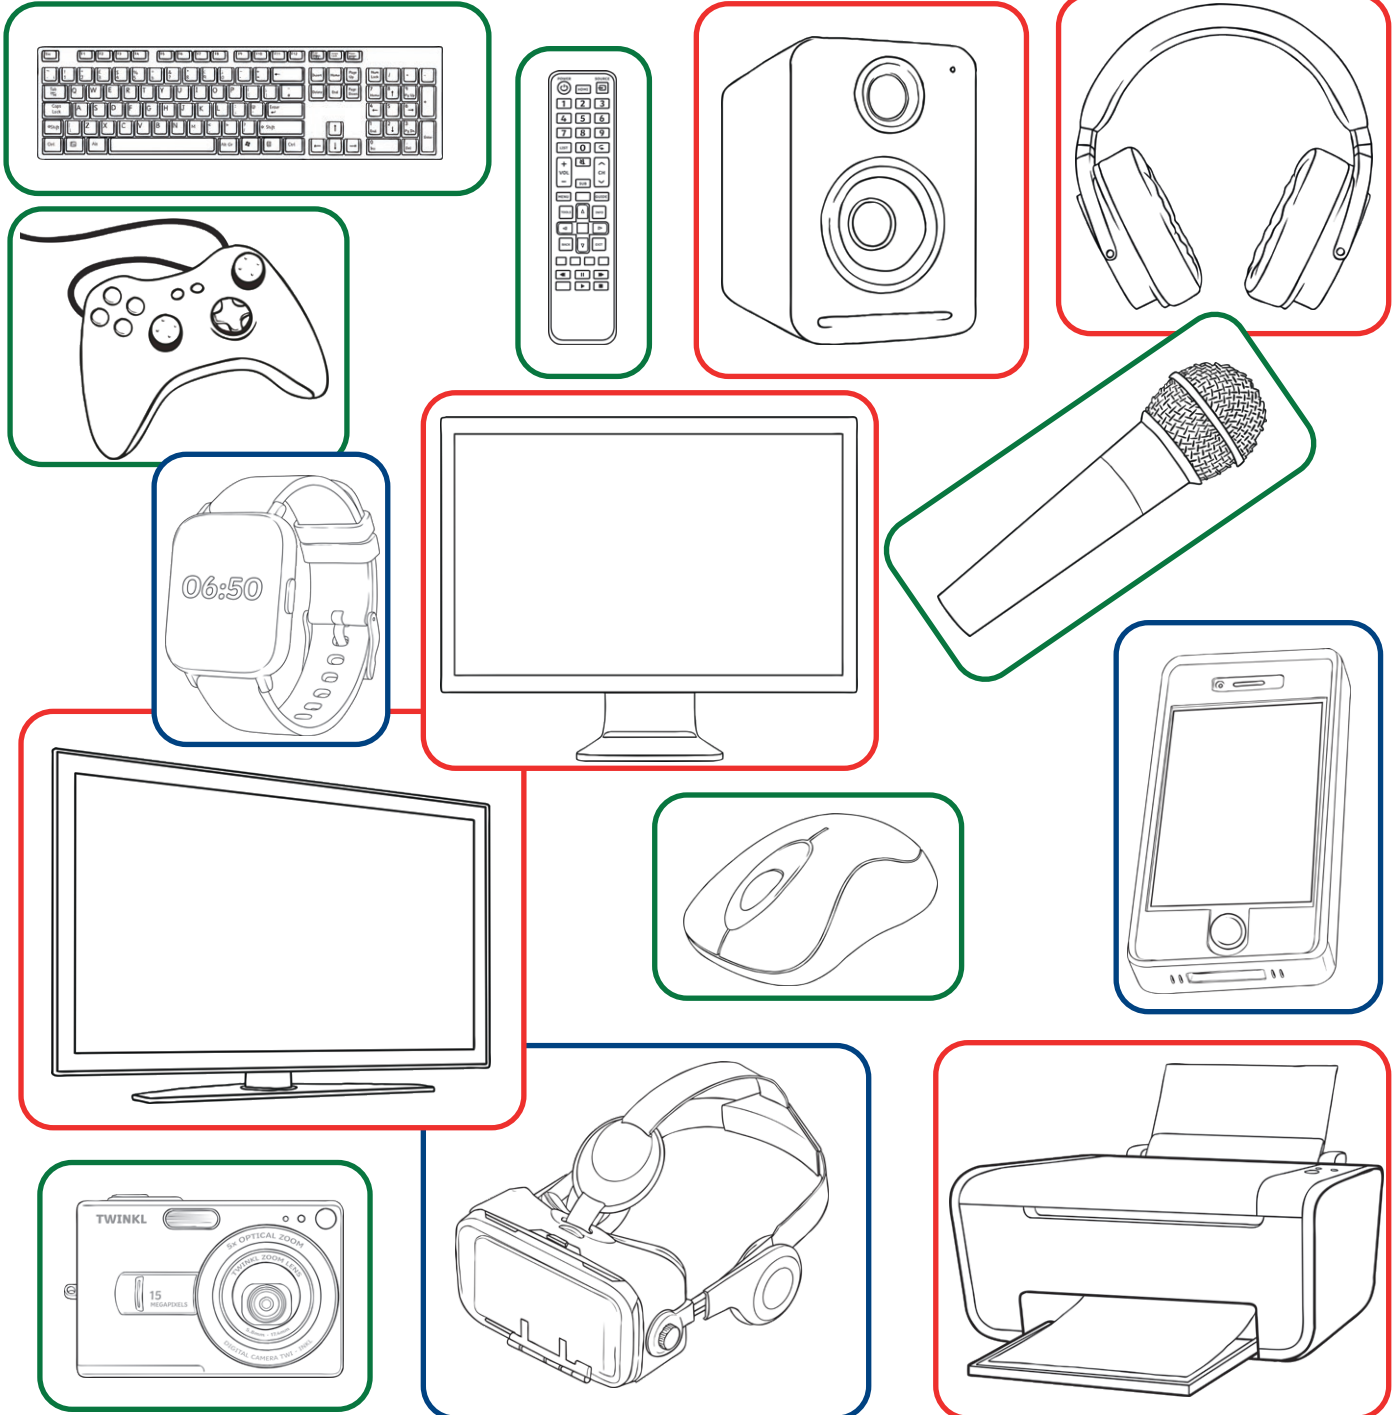

Computers need to receive information to work.
Input devices are used to put digital information into the computer.
Information sent out of the computer is called an output.

Look at the devices shown above.
Draw a green circle around the input devices. Draw a red circle around the output devices.
Draw a blue circle around any devices that are both input and output devices.

Inputs and Outputs Answers

Computers need to receive information to work.
Input devices are used to put digital information into the computer.
Information sent out of the computer is called an output.

Look at the devices shown above.

Draw a green circle around the input devices. Draw a red circle around the output devices.
Draw a blue circle around any devices that are both input and output devices.
