Talking about latest Global issues

We've identified various global challenges that have stirred our emotions including environmental problems in Qatar. This year, we've collectively decided to concentrate our efforts on a single global issue where we believe we can enact meaningful change. We decided to vote and after a voting process, we've reached a consensus - **ANIMAL WELFARE and RESPONSIBLE PET OWNERSHIP**, in connection to **SDG 15 Life on Land**.

We've learned how crucial it is to protect biodiversity including all kinds of animals, and we're ready to be one with nature!

PAWSITIVE EARTH STEWARDS:

Animal Welfare and Responsible Pet Ownership

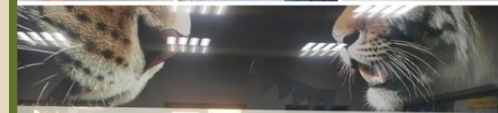

Every year, it's estimated that billions of animals worldwide endure various forms of abuse.

in connection to **SDG 15: LIFE ON LAND**

15 LIFE ON LAND

We engaged through meaningful discussions about this topic - seeking information about forms of animal abuse, cruelty and animal rights.
