

**The Next Generation School
Nuaija Campus
AY: 2022-23**

Action Plan

Topic: Clean water in Qatar

Goal: Achieve universal and equitable access to safe and affordable drinking water for all. Improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated water, and increasing recycling and safe reuse globally.

The Youth Leadership Program theme this year is “**Explorers and Investigators.**” As one of the highlights of the program, students are encouraged to explore, expand, experiment and investigate about **Clean water in Qatar** linking to environmental issues and global challenges. Our focus is in promoting **United Nations Sustainability Development**

Goal No. 6 Clean water & Sanitation

**The Next Generation School
Nuaija Campus
AY: 2022-23**

Key Concept 1: Why is it important to drink/use clean water?

Tasks	Actions Needed	Timeline	Persons Responsible	Learning Outcome	Status/Comments
1. finalizing the topic	Students were given several topics to choose from. After observing the students, the topic "Clean water in Qatar" was chosen		Ms Trisha Ms Amna		Completed
2. Watching Relevant Videos	Students will watch a video on "why is it important to drink/use water" After watching the video, they will discuss the importance of water and the correct ways of using water.		Ms Trisha Ms Amna		Completed

Key Concept 2: Where does water come from?

Tasks	Actions Needed	Timeline	Persons Responsible	Learning Outcome	Status/Comments
4. Understanding what life is without clean water	Students will watch a video to understand where water comes from.		Ms Trisha Ms. Amna		

**The Next Generation School
Nuaija Campus
AY: 2022-23**

Water cycle project	Students will work together to make a water cycle project		Ms Trisha Ms Amna		
Key Concept 3: Is it important to use clean water? If yes, how?					
Tasks	Actions Needed	Timeline	Persons Responsible	Learning Outcome	Status/Comments
Understanding what life is without clean water	Students will watch a video to understand what is life without clean water		Ms Trisha Ms. Amna		
Science experiment	Students will do a science experiment and turn dirty water to clean water				
Key Concept 4: Are people getting clean water in Qatar? What is Qatar doing to provide us with clean water?					
Tasks	Actions Needed	Timeline	Persons Responsible	Learning Outcome	Status/Comments
Desalination:- watering cleaning process in Qatar	Students will watch the videos of desalination n Qatar https://www.youtube.com/watch?v=mUtYUTTC_Bg		Ms Trisha Ms. Amna		

**The Next Generation School
Nuaija Campus
AY: 2022-23**

	students will explain the desalination process and do an experiment using solar desalination				
Key Concept 5: How can we promote clean water?					
Tasks	Actions Needed	Timeline	Persons Responsible	Learning Outcome	Status/Comments
Survey for clean water	A survey will be sent to teachers and parents to understand if water is being conserved in Qatar.		Ms Trisha Ms. Amna		
Awareness campaign	Students will participate in an awareness campaign to conserve clean water				
			Ms Trisha Ms. Amna
