Action Plan

Topic: Quality Education for better Profession in future- Choose to Shine!!

Goal: Learners will be able to learn, become more active in class, read more and reduce screen time, make new friends, learn new skills, understand the importance of education and be more environmentally responsible citizen. Learners will be able to stay motivated to do something that will make a difference in their life, stay focused on a specific profession to opt in future, learn a foreign language, learn a new sport, donate and declutter.

The Youth Leadership Programme theme this year is “**Explorers and Investigators.**” As one of the highlights of the program, students are encouraged to explore, expand, experiment, and investigate Future Professions linked to environmental issues and global challenges. Our research will focus on promoting United **Nations Sustainability Development**

SDG 4: Quality Education

Moreover, the topic about **Quality Education for better Profession in future - Choose to Shine!!** will help each child to become aware and be responsible citizen. Considering being responsible as one of the main qualities possessed by a leader, students are assigned to different tasks to research and investigate. Rooting from here, students will display facts and current issues and will do observations, experiments, surveys and interviews.
